

## An Invitation to Sponsor or Exhibit

---

We would like to invite your organisation to participate as a valued sponsor or exhibitor at the joint 16th Mosquito Control Association of Australia and 14th Arbovirus Research in Australia Symposium.

The 2025 Symposium is anticipated to be held in Victoria in late August or early September. The dates and venue are yet to be confirmed but the organising committee is expecting the venue to provide an opportunity to network, share ideas, discuss industry topics as well as visit a local area currently managing mosquito-related public health risks.

The Symposium is an opportunity for researchers, mosquito control operators, health workers, biosecurity officers, equipment and chemical suppliers from around Australia to gather to discuss the latest technologies and strategies for mosquito surveillance and control.

The scientific program will showcase some of the innovative and strategic responses to mosquito local threats as informed by both mosquito and mosquito-borne pathogen surveillance and research programs. The program will include topics ranging from the operational programs of local government and their work “on the ground” to world class research in Australian and international institutions including outstanding Australian and international speakers, discussion groups and plenary presentations.

Contributing as a sponsor or exhibitor provides a perfect opportunity to showcase your research and/or products and network with many local and international experts, giving you a chance to form collaborative partnerships into the future. We are anticipating that representatives of sponsoring organisations/institutes will have an opportunity to contribute to the local organising committee to assist in shaping the scientific and social programs of the symposium.

We have developed a tiered sponsorship structure for the conference. Please see below for sponsor packages and entitlements and we look forward to the opportunity to develop a mutually beneficial partnership.

Yours sincerely,

**Dr Jonathan Darbro**

President – Mosquito Control Association of Australia
